super-stackable
for mutipurpose spaces

LEED SCORING

	Post-consumer content (%)	Pre-consumer content (%)	Recycled Content (%)	Leed® points (**)
	49,71%	28.10%	28.10%	2

*** 10% = 1 pto. > 10% = 2 ptos.*

Whass is designed for contract environments and more modern spaces. Its range of models, finishes and structures allows a varied and flexible usage. Its most remarkable quality is its super-stackability which enables maximum space optimization.
